Pyeng Yang.
Korea.

行發行商出之日威京

Dear Tom:

It was frightfully hot coming down on the train but nice & cool here where the sea breezes are blowing.

I hope that Mamm doesn't forget & get and bring a box to which I asked him to.

If he forgets, you remind him and enjoy my little farewell present & joy.

The whole just flew telling me to stop and get on board to leave Korea.

Zom. I don't want to. I want to get on the train waiting out here and go back to Pyeng Yang & see you. No by de I have to get a hand and take when Mamm, I hope but I don't know it is the best thing for me to do. I have to go - good bye. Love Charles
